***Start: 8:10pm | End: 9:30pm***

**Attendance:**

Christian Schmachtenberger, Hunter Johnson, Jackie Diep, James Rinehart, Joshua McGehee

**Discussion:**

- Main focus: New ideas and design conversations
  - We discussed a lot about the scope of the project and what would be feasible in the time we have been allocated
  - Suggestions were made regarding the features to be included
    - Suggests users 4 different budgeting styles in an attempt to assist them with their new money saving habits
      - Traditional budget
      - Envelope budget
      - Pay-yourself-first budget
      - 50/30/20 budget
    - Have day by day budget trackers that divides up remaining free cash into a certain allocated daily amount
- Decided to stray away from the idea to track asset value to stay with application scope
- Design of front end was brought into discussion as I continued to work on an interactable home page design
- Much of the team has been learning Golang for back-end development
